GENERAL INFO

PROFESSIONAL DEVELOPMENT FOR THE WORKING MUSICIAN

LACM's *Weekend Xperience* programs are designed to offer music industry professionals, independent artists and music enthusiasts an opportunity to develop skills and enrich their knowledge with intensive workshops in a variety of relevant subjects. Weekend Xperience 2015 will offer two sessions with four program options, which will cover Songwriting, Music Production, Composing for Film & Television and Artist Development. Each weekend workshop runs Friday - Sunday and is structured to accommodate those with busy schedules.

Workshops are led by a faculty that includes LACM faculty and staff, but also working professionals from major record labels, professional artist development agencies, recording studios, publishing and licensing companies, and more. Each workshop has a pre-scheduled structure of events, but the itinerary allows for "open counseling" sessions where participants can book additional time with faculty members to discuss their existing projects, review material, or receive career advice on topics including artist branding, marketing, tour strategy and more.

Information about each individual weekend workshop is included in this packet, as well as information about travel and hospitality arrangements in the Pasadena area. For specific questions, please contact Admissions at LACM by calling **626.568.8850** or by emailing **admissions@lacm.edu**.
